### Avalanche Course Report:

- Without a quorum we did not vote on spending money for urethane resin to protect our new tee signs (\$65 per gallon) but Matt Erwin will help Forrest Omland look into cheaper alternatives.
- Maps and scorecards: Matt Wixson and Will Hasseld will help keep those stocked.
- Carpet tee pad trials: completed 9 of the 18 holes for evaluation including #15 with a new box.
- Cement tee pad trial: we have permission from the parks & recreation commission but we are

going to wait until the spring of 2016 and then decide how the club wants to proceed.

- Old Baskets: successfully auctioned for \$800 for city to put toward Avalanche projects.
- The bench top on hole #2 rotted away but Forrest is working on a replacement.
- Refurbishing the main disc golf course welcome sign: improvements are still in process.

Waiting for plexiglass material from Pat Hood to complete the front side.

- Let's make safety a priority in 2016 and get some signs up near the blind corners. Also having a contest to see who can come up with the best "ring bell" designs to add something to the course.

**New & Unfinished Business:**

- We accidentally skipped over this, but we still need someone to step up and help with club shirts.
- Forrest is still looking for volunteers to help finish a few course projects before it snows.
- We definitely want to do another Trilogy Challenge event in 2016 with help from Jason McCary.

- Suggestion was made to create some small laminated cards with info which Forrest will make.
